

8600 TRANSPORTATION

The Board of Education shall transport eligible pupils to and from school and school related activities in accordance with N.J.S.A. 18A:39-1 et seq., N.J.A.C. 6A:27-1 et seq. and Board policy. Transportation shall be provided only to eligible public and nonpublic (and charter, if applicable) school pupils, authorized school staff members, and adults serving as approved chaperones.

The Board will transport disabled pupils in accordance with N.J.S.A. 18A:46-1 et seq. and Policy No. 8670.

The Board will approve all bus routes by September 15 of each school year. Bus routes for all non-remote pupils who must walk to and from school along hazardous routes will be designated. The Board will consider, but shall not be limited to, the criteria outlined in N.J.S.A. 18A:39-1.5 in determining "Hazardous Routes."

Each Swedesboro-Woolwich School District student, who is eligible for transportation, will be assigned one seat on one bus route with one assigned stop. The specific bus route will be determined by the student's address of record.

Requests for a permanent change of bus stop, along the student's regularly scheduled route may be considered by the Superintendent and the Transportation Coordinator, provided:

- **The change is for pick-up and delivery at the same location.**
- **There is no additional cost to the Board of Education.**
- **There is adequate space on the bus.**
- **The request can be accommodated by the bus contractor.**

The change, if granted, will remain in force for the entire school year, without exception.

The Board will not be responsible for the transportation of nonresident pupils to or from school, except that transportation to and from school will be provided for homeless children for whom the district is determined to be the district of residence and for homeless children enrolled in this district when no district of residence has been determined.

The Board will transport resident children who attend a nonpublic or charter school in the State of New Jersey not more than twenty miles from their residence, but not a lesser distance from their residence than that required for the transportation of pupils enrolled in the schools of this district. Pursuant to N.J.A.C. 6A:27-2.2, pupils living more than twenty miles from their nonpublic school are eligible for transportation services when other pupils living within the district, whose residence is less than twenty miles from school, are transported to the same nonpublic school.

Aid in lieu of transportation will be provided to a parent(s) or legal guardian(s) of nonpublic and charter pupils pursuant to N.J.S.A. 18A:39-1. When the schools of this district are closed for inclement

weather or other conditions, no transportation will be provided for pupils enrolled in any public, nonpublic and/or charter school.

When the Board provides transportation of pupils to and from schools classified pursuant to Chapter 46 of N.J.S.A. 18A of the New Jersey Statutes the Board will utilize Kingsway Regional for providing cooperative transportation services in accordance with N.J.S.A. 18A:39-11.1. The Board will attempt to use one of the agencies prior to determining to pay aid in lieu of transportation if in the prior year payments in lieu of transportation were provided. The Board will provide to the parent any unique limitations or restrictions of the required transportation.

When the costs to provide transportation in cooperation with contractor is less than the aid in lieu of payments, the Board will contract with the vendor to provide transportation. The Board will make the determination on the manner in which transportation services shall be provided in accordance with N.J.S.A. 18A:39-11.1 and shall notify the nonpublic school and the parent(s) or legal guardian(s) of the nonpublic school by August 1 prior to the beginning of the school year.

Transportation in cooperation with parent will not be required when the district can provide transportation at a lower cost than the aid in lieu of or the transportation provided by contractor does not fall within the policies of the Board regarding length of ride and assignment of pupils to a route based on pupil age or classification.

Vehicles used to transport pupils to and from school or school related activities shall meet standards, registration and inspection requirements of the New Jersey Departments of Education and Transportation. The operation and fiscal management of the district's transportation system shall be conducted in strict accordance with rules of the State Board of Education and the Department of Education Policy and Procedures Manual for Pupil Transportation.
