How do I get my child screened for the Inclusion Preschool Program?

What if I am specifically concerned about my child's speech development?

Speech-language services are provided to students who have been fully evaluated, found eligible for services, and consequently have an Individualized Education Plan. The screening for the Inclusion Preschool Program is separate from a full speech-language evaluation. Do you take AM or PM requests?

There is a high volume for AM requests which makes it difficult to honor an AM request. However, requests for the PM session can be taken at this time. If your child has a unique and special circumstance that necessitates either an AM or PM request, please include this circumstance in the paperwork that is completed as part of your child's screening. Please note that a child's napping schedule is not considered a special circumstance.

What about transportation?

Transportation is provided by the parents.

Now that my child has been screened, what happens next?

Families are notified by July 31st regarding the appropriateness of the Inclusion Preschool Program. If the program has been determined appropriate for your child, parents must then schedule an appointment with Christine Panebianco at the Charles Stratton School (241-1552, ext. 1006) to complete the registration requirements.
