

May 2, 2016

Dear Parents/Guardians,

Headstrong Foundation is an organization that was founded in Holmes, PA, just 20 minutes away from our small towns of Swedesboro and Woolwich. Their mission is to, "Improve the quality of life for those affected by cancer. With every action we make, we are fulfilling the vision of the late Nick Colleluori, our founder. Nick's last wish was that others would benefit from his journey" (Headstrong Foundation, 2016).

This year Harker School's Gifted and Talented Math classes will be dedicating their third project of the year to promoting and running a social service project that benefits this organization. The students will learn about the organization, create advertisements, and finally run a **fundraising stand at Fun Day on June 1, 2016 (Rain Date June 3, 2016)**. The students will sell lemonade for \$0.50 a cup, as we did in the past, and each class will collect money as a school contest. The project will run from May 9, 2016 to June 10, 2016.

**In order to prepare for the Fun Day Lemonade Sale, we are asking for donations of powdered lemonade and 8 or 12oz cups.** Donations can be sent in with your child and brought to Mrs. Serpiello and Mrs. Teague's classroom.

Thank you in advance for helping out this tremendous cause! For more information you can email us at [cserpiello@swedesboro-woolwich.com](mailto:cserpiello@swedesboro-woolwich.com) or [dteague@swedesboro-woolwich.com](mailto:dteague@swedesboro-woolwich.com). You can also go to [headstrong.org](http://headstrong.org) to read about the foundation's mission and other fundraising opportunities.

Sincerely,

Mrs. Serpiello & Mrs. Teague

2015-2016 Gifted and Talented Math Teachers
