

## 2016-2017 HOOPS FOR HEART FUNDRAISER

This year, Harker students raised \$15,615.92 for Hoops for Heart. This was accomplished by students working hard to gather donations, and in the process, bringing awareness to the American Heart Association's cause.

In the photo below, Mrs. Mission and Mr. Lockman proudly show the recognition awards they have received for raising money for Hoops for Heart. During the 2015-2016 school year, Harker School raised the most money in the State. This year we were awarded second place.

During the past eight school years that the Harker School has been participating in the Hoops for Heart program, our 3rd, 4th, and 5th grade students have raised a grand total of \$93,985.00. Next school year we look forward to breaking the \$100,000.00 mark.
