

Walter H. Hill School **Student Code of Conduct**

Behavior Mission Statement

Students' character and behavior are extremely important and are at the core of creating a positive learning environment in which all students are safe, and are provided the opportunity for positive social and academic growth. Positive behavior qualities at WHS are defined by what we refer to as Walter's Way (named in honor of the school's namesake- Walter H. Hill). Walter's Way is posted in all hallways, stairwells, the cafeteria, and classrooms and is expected to be adhered to in all areas of WHS including outside the building, on school sponsored functions, and on school buses. Principal Hill (AKA Walter) expected all students to reach for success, and we continue that tradition through the R.R.E.C.H. acronym which stands for:

- Respect (For one's self and others)
- Responsibility (Taking responsibility in everything we do)
- Effort (putting our best forward each and every day)
- Choices (Making positive choices personally and academically)
- Honesty (Being honest with others and yourself)

All staff will have Walter's Way posted in the classroom (R.R.E.C.H.) and these rules will serve as classroom rules for each classroom in the building. Further, all teachers will have classroom rewards and consequences posted for students, and are expected to review and enforce these expectations consistently throughout the school year.

Positive Behavior Program

The Walter Hill School (WHS) is committed to creating a positive learning environment where students are academically and socially successful. As part of our strategic plan, we are implementing Positive Behavior Interventions and Supports, a nationally validated framework for creating a positive school climate.

The Positive Behavior Supports in Schools (PBSIS) framework is associated with increases in positive student outcomes (e.g., increase in instructional time) and decreases behavior infractions as measured by office behavior incident referral and suspension data. In New Jersey consistent high fidelity implementation of PBSIS has resulted in an average of 21% decrease in referrals to the office for behavior infractions and 30% average decrease in out of school suspensions.

Students at WHS have the opportunity to be rewarded for demonstrating good behavior on a weekly and monthly basis. Every student also has the opportunity to earn

participation in special behavior incentive events that will be offered throughout the school year. Rewards and incentives are earned in the following ways:

- **“Hillionaire Praise Tickets”** - Awarded to students by staff, these tickets are given when a staff member witnesses behavior actions that demonstrate students are “R.R.E.C.H.ing (reaching)” for success. Specifically, when students demonstrate: respect, responsibility, effort, making good choices, and being honest. Students fill out their personal information on the ticket and place it in their homeroom ticket bin. Homeroom drawings occur each week and provide students with the opportunity to win a behavior incentive. Homeroom tickets are then collected by the office staff and become part of a larger monthly drawing.
- **“Walter’s Rewards”**- Throughout the school year students have the opportunity to participate in monthly special behavior incentives called “Walter’s Awards.” This is a homeroom based competition where the leading homeroom that has earned the most praise tickets in a given month by demonstrating positive behavior win the Walter’s Award for the month. These are reward opportunities students have earned through hard work and positive behavior choices. In order to be eligible for these events students must not be on the restricted list, and must not have been found guilty of a HIB infraction in the last 30 calendar days.
- **“A Clean Slate”** - It is the best hope of the WHS administration and staff that every student will have the opportunity to be a part of incentives that celebrate and reward positive behavior. Sometimes, however, mistakes are made and a student or students may miss out on the opportunity to participate in a behavior incentive. Below are the details of the “Clean Slate” program:
 - Recognizing that most students do not wish to consistently make poor choices, the PBSIS program offers students a “Clean Slate” incentive. At the beginning of each school week, students are given a “clean slate” with classroom-level consequences to promote making positive choices, and affirming that each week provides an opportunity for a fresh start. (This does not apply to administrative consequences)
 - Further, if a student does not qualify for a special behavior incentive during the trimester in which that incentive falls due to being restricted, then that student (and all students) start the next trimester with a clean slate and no behavior infractions held against them. If a student is placed on the restricted list or referred to the office within 5 school days of the start of the next Trimester, the administration reserves the right to determine if restriction will continue into the following trimester depending on the

severity of the infraction. Further, for restrictions results from I.R. (Immediate referral) behaviors (see code of conduct), the administration reserves the right to determine student eligibility for the “clean slate” program at the start of each trimester.

Classroom Consequences for Violations of the School Rules (Walter’s Way):

These consequences should be posted in every room for students to view, and should be adhered to by all staff (teachers and support staff).

- 1) Verbal warning or cue issued by teacher (should be documented- clipboard, dojo, this is at teacher discretion).
- 2) Possible relocation of students’ seat or time out in another classroom.
- 3) Parent **phone call or in person meeting** addressing the conduct violation.
- 4) Teacher issued lunch detention.
- 5) Referral to Guidance (if warranted) for repeated non-serious behaviors.
- 6) Referral to the main office.

Administrative Consequences for Violations of the Code of Conduct:

Administrative Warning - Student will have a conference with the building Principal and an administrative warning letter will be sent home with the student to be signed and returned to the office the next school day.

Lunch Detention - Student will forfeit his/her free lunch and recess time due to a behavior infraction. Student must report to the lunch detention site at his/her designated lunch time and will eat lunch in the detention area.

After-School Detention - A student who is assigned after-school detention will report to the Main Office at the close of the school day where the detention monitor will pick them up. Detention is served from 3:15 PM until 4:15 PM. Parent/guardian is responsible for providing transportation home from detention. Student will also be prohibited from participating in extracurricular or after-school activities on the day of his/her detention.

In-School Suspension (ISS) - A student who receives an internal suspension will remain in one supervised room or area for the entire school day and will not be allowed to leave the room or area without supervision. Upon arrival at school (8:35 AM) the student will report to the Main Office. Student will continue with assigned work and will eat lunch in the room or designated area until dismissal (3:11 PM).

Out of School Suspension (OSS) - A student assigned an external suspension is neither permitted to attend school nor be on school property for the duration of the

suspension. Students are also prohibited from attending any school or district sponsored events that may occur during this time, and are prohibited from participating in extracurricular or after-school activities for the duration of the suspension. Every attempt will be made to provide the student with classwork during this time. Students are, however, responsible for making up all classwork, homework, tests and quizzes that were missed during their suspension.

Restricted List - Students on the Restricted List are not permitted to attend any extracurricular event or activity. "Extracurricular" is defined in this instance as any activity or event not essential to the student's progress toward mastery of the report card standards in a given Trimester in Language Arts, Math, Science, and Social Studies. This includes, but is not limited to: building wide parties, concerts, dances, clubs, sports, etc. Exceptions to any activity will only be at administrative discretion. **Note: Exclusion from major events is not part of general restriction, and will be determined on a case-by-case basis. Major events are defined as: School Socials, all school trips, Celebration Day, and Moving Up Ceremony. Restriction will be determined by the administration and will be dependent on the severity of the behavior infraction, student's number of prior infractions, and how close the behavior infraction occurs to the event in question.**

Immediate Referral (I.R.)- A disciplinary infraction that rises to the level of a student being immediately referred to administration. I.R. infractions supercede classroom consequences and must immediately be brought to the attention of administration.

Restorative Remedies: Restorative practices is a social science that studies how to improve and repair relationships between people and communities. (Wikipedia, 2019) The administration, in conjunction with the Guidance Office or Child Study Team, may present students with the option of pursuing a restorative remedy as part of remediation and attempting to solve the root cause of student behavior infractions. In exchange, students *may* be given the opportunity to have their consequences lessened if they are willing to accept the restorative remedy rather than serve the full term of their consequences. For more information on restorative practices, please see the following resources:

(See below for WHS Student Code of Conduct Discipline Matrix)

Walter H. Hill School
Student Code of Conduct Discipline Matrix

All discipline is subject to administrative discretion and infractions are cumulative in terms of consequences issued. Infractions beyond the 5th offense, where not otherwise indicated, will have consequences at the discretion of the administrator. Total days restricted refers to school days and restriction includes all school sponsored extracurricular activities both during and beyond the school day. (See above on “restriction.”)

For non-I.R. (Immediate referral) Infractions, which are noted in column 1 of the chart, teachers referring students to the office should have exhausted all required classroom consequences (see “Classroom Consequences” above) prior to completing an office referral. These classroom consequences should be posted, adhered to, and applied consistently throughout the year with an office referral taking place only when a teacher has followed all procedures for in-class rewards and consequences listed above including contacting the parent to try to remediate the problem.

Important note: Administration reserves the right to make the final decision in the context of each student’s infraction when assigning consequences within the matrix, and may reduce or exceed the chart’s recommended level of consequences.

Note regarding Restorative Remedies: The administration reserves the right to make the decision as to whether offering a restorative remedy as an option to reduce student consequences is appropriate in each circumstance. If the student accepts, administration will determine what reduction in consequences the student will receive, if any, following successful completion of the restorative remedy which will be unique to each circumstance.
